## **9.0 USE OF COMMON TECHNOLOGY AND INTEGRATED INFORMATION SYSTEMS**

The Mid-Atlantic Career Consortium (MACC) or, other replacement system approved by the West Virginia Workforce Development Board, and the CTO.

The MACC, known in West Virginia as WorkForce West Virginia, is the computerized system of record keeping that will include a common data repository for WIOA, Wagner-Peyser, Trade Adjustment Assistance (TAA) and other Title I (B) Activities. All partners agree to enter all client profiles (job and training seekers), job openings and employer information it receives into the WorkForce West Virginia (MACC) to the extent partner modules and access become available.

The WorkForce West Virginia system (MACC) or replacement, will be the system of choice for finding employment or obtaining training through the agencies working together to develop common processes through the system.

A process for allocating both future development costs and ongoing operational costs to include regular maintenance and “help desk” type support for the system will be established.

State agencies accessing and using the workforce West Virginia system (MACC) are encouraged to contribute toward costs of the MACC based on an agreed upon fair and proportionate allocation determined by system use or overall funding. The local WDBs will also contribute proportionately toward the cost.

All partners also agree to treat all data contained in the WorkForce West Virginia system (MACC) as confidential. No partner should permit access of State of West Virginia provided resources to, or disclose data to, any persons or entities other than its staff or data users, under any conditions. For client information to be shared, a release form stipulating what is being released and to whom must be agreed to and signed by the customer.

Other data related to demand and supply side information will use in-house MIS.

## **10.0 ASSESSMENT COMMON PRACTICES**

Wherever and whenever possible assessment processes will be streamlined to reduce duplication to the customers.

## **11.0 ANNUAL REPORTING REQUIREMENTS**

Based on annual reporting requirements in West Virginia state code Chapter 58-28, all parties to the MOU agree to provide information in a timely manner when requested by the workforce system. One annual report requires data from the agencies. The “State of the One-Stop Report” and the “annual Funding Streams and Outcomes” report have been combined into one report, The Workforce Development System Report. This report includes information on funding streams (federal and state), customers served, performance outcomes and other items as outlined under separate cover.

#### **12.0 APPROPRIATE BALANCE OF RESOURCE USE**

Every effort will be made to ensure balance between state level funding and use of funds and the funding at the regional level and use of funds regionally. There should be fair sharing of efforts targeted to build an effective and efficient workforce development system that is balanced between state and local regional efforts.

#### **13.0 PLANNING COMPACT FOR WORKFORCE DEVELOPMENT SYSTEM**

Some of the state agencies included in this MOU are required to submit compliance or other plans to one or more Federal Agencies, most of the state partners signing this MOU also do planning as a matter of course in carrying out effective operations. Partners in each comprehensive One-Stop Career Center are encouraged to work together to produce a plan which will effectively deliver services to the client and reduce the total overhead/administration of the One-Stop Career Center.

#### **14.0 SUPPORT OF COMMON PERFORMANCE MEASURES**

The ICT will support all Federal and State mandated common performance measures. These measures will be part of the planning compact process. All parties to this MOU agree to capture appropriate performance data as required to support the collection of the common performance measures.

#### **15.0 SKILLS STANDARDS AND CROSS-AGENCY TRAINING**

In order to ensure quality programs and services to all customers across all regions, parties to this MOU agree to develop the expected level of skills needed for operation of the one-Stop

Career Centers. Further, each agency will support the development of cross-agency training for awareness regarding its programs and services within the One Stop Career Centers.

#### **16.0 STAFF DEVELOPMENT/RESOURCES DEVELOPMENT**

To ensure and sustain an effective, high quality workforce development system, especially at the state agency level, adequate and knowledgeable staff must be in place. The better the knowledge and skill levels across the system, the greater the experiences and results the system can deliver on a regular basis.

Partners to this MOU will invest in staff development within their agency and collaboratively across agencies to enhance the knowledge and skill levels of all staff engaged in the workforce development system.

Further, the agencies agree to work together toward recruitment and retention of qualified, skilled and dedicated employees to fill state positions needed to have an effective workforce development system. This is especially important as the demand for qualified employees increases as retirements occur in future years.

#### **17.0 CONFIDENTIALITY OF INFORMATION/DATA**

All partners recognize the critical nature of protecting and using information/data in the most appropriate matter at all times. Each Partner entering into this MOU has the obligation and authority to control the uses and access of information/data collected or generated as part of its specific work. ICT members agree to work on ways to ensure the confidentiality of records throughout the One-Stop Career Centers. All confidentiality issues will be presented to the ICT for discussion and resolution as to use and access of the identified data and information needing special protection. The confidentiality agreement applies to electronic systems as well as all paper processes.

#### **18.0 INTERAGENCY COLLABORATIVE TEAM WORKING RELATIONSHIP**

The ICT agrees to adhere to its initial charter and guiding principles that foster an effective working relationship among both mandated and volunteer partners to this MOU. The ICT

will be originators of this MOU and provide general oversight of its completion and implementation. #### **21.0 BREACH OF MOU**

The agencies agree that each shall fulfill its responsibilities under this MOU in accordance with the provisions of law and regulations that govern their activities. If at any time an agency is unable to perform its functions under this MOU, such agency shall immediately provide written notice to the Interagency Collaborative Team (ICT) describing its inability to fulfill the requirements of this MOU and establish a date at the earliest convenience, but no more than 30 days, to mutually resolve this issue.

The Executive Officer of the agency will direct appropriate staff to meet at agreed upon intervals to discuss and plan activities to satisfy requirements of this MOU and to ensure efficient and effective implementation of this MOU. However, failure to abide by this agreement is basis for termination by the other party.

#### **22.0 IMPASSE RESOLUTIONS**

The agencies agree to communicate openly and directly and that every effort will be made to resolve any problems or disputes in a cooperative manner. For disputes regarding the

provisions of this MOU that cannot be resolved through communication among agency staff, the parties will document the negotiations and efforts that have taken place to resolve the issue. At the first level, the unresolved issue or dispute should be presented to the total ICT membership or an assigned sub-group to attempt to resolve differences to the satisfaction of all parties. If this fails or does not meet the expectations of all parties, then information regarding the impasse and efforts to resolve must be submitted to the West Virginia Workforce Development Board Executive Committee within 30 days of the impasse. Once the information is received by the West Virginia Workforce Development Board Executive Committee, they will meet to seek a resolution and provide that resolution to the partners within 30 days. If the entire process takes more than 60 days, or if the partner is not satisfied with the resolution; the partner may appeal to the Governor. The decision of the Governor shall be final.

### **23.0 MOU DURATION AGREEMENT**

This agreement is effective July 1, 2018 and terminates on June 30, 2019. It may be extended through mutual agreement of the parties. The MOU may be terminated by any of the partners upon 30 days of written notice to the other partners with cause or upon 90 days of written notice to the other partners without cause.

DRS has negotiated processes with the WIB to share costs of training and support services for individuals accessing training dollars.</p>

<p><b>Job Placement</b></p>	<p>Eligible individuals receive placement services as part of the Individualized Plan for Employment. DRS recognize the individual’s right to privacy and maintains client confidentiality. It is the DRS client’s choice whether to disclose to an employer if he/she has received services from the Division of Rehabilitation Services. All job ready individuals are required to register with the WorkForce West Virginia One-Stop Career Centers to aid in their job seeking efforts. DRS District Managers and Employment Specialists participate in Business Services teams and WDB meetings in all the WorkForce regions to enhance the services to state’s employers, eliminate duplication, and better serve the employment needs of job seekers and employers.</p>

Eligibility criteria are established by the Rehabilitation Act as Amended by WIOA and its federal regulations. To be eligible for rehabilitation services, an individual must have a physical or mental impairment which constitutes or results in a substantial impediment to employment AND the applicant must require rehabilitation services to prepare for, enter into, engage in, and retain competitive, integrated employment consistent with the individual’s strengths, resources, priorities, concerns, abilities, capabilities, and informed choice.
